

**Learning Beyond
Expectations**

QuietRock® Product Knowledge Session

Participants

This course is designed for architects, specifiers, contractors, installers, building owners, and others that have a desire to learn about the QuietRock Sound Reducing Drywall product family.

Presentation Format

This course uses PowerPoint with audio and video. It may be presented in-person at your office or virtually.

Technology Requirements

The course requires projection capabilities for the PowerPoint presentation, power and an HDMI connection. A sound system or speakers are required as the presentation contains video and audio.

Presenter Qualifications

PABCO® Gypsum is a division of PABCO Building Products, a division of Pacific Coast Build Products, an AIA Certified Continuing Education Provider.

All speakers are approved Pacific Coast Building Products presenters.

Description

This is a product knowledge course focusing on the QuietRock® Sound Reducing Drywall product line and the Quiet® System. We will familiarize you with PABCO® Gypsum and the origins of QuietRock.

We will discuss the benefits and best uses for each of the QuietRock products and why they are an important offering to the solutions that you provide your clients.

Agenda

1. About PABCO Gypsum - a brief overview of our origin, and related companies within the Pacific Coast Build Products family.
2. About QuietRock - a quick introduction to the history of QuietRock
3. How QuietRock Works - a brief look at the physics and a video demonstration of QuietRock in action stopping noise, compared to traditional solutions.
4. The Quiet System - 3 easy steps for optimal acoustic performance.
5. QuietRock Products & Use Cases - a comprehensive look at each QuietRock product, common assemblies and use cases.
6. The economics and other benefits of using QuietRock as your sound transmission solution for your projects.
